Education

University of Waterloo   Sept. 2019 – Present
- Honours Bachelor of Computer Science – BCS

Wilfrid Laurier University   Sept. 2019 – Present
- Honours Bachelor of Business Administration – BBA, Co-op

Work & Volunteer Experience

Analytics Engineer – Loblaw Digital – Toronto ON, Canada (Remote)   Jan. 2021 – Apr. 2021
- Collaborated on a project that impacted all Canadians: Loblaw's COVID-19 vaccine scheduling web app. Worked closely with developers to build the app in JavaScript (Next.js) and supported with QA and debugging.
- Collaborated with developers and product managers on a Java mobile project and a React.js web app project; gathered business requirements and built a technical document outlining implementation requirements.
- Gained significant experience in debugging and testing and reported back to the developer to correct the bug.
- Built dashboards and reports to visualize data collected from the project using Google Analytics/Data Studio.

Assistant Baseball Coach – WMBA – Waterloo ON, Canada   Sept. 2019 – Present
- Developed a simple web page in HTML for the 2020 tryouts where players could find their registration number online rather than traditionally receiving a physical sticker, which helped stop the spread of COVID-19.
- Used Microsoft Excel to construct player ratings by analyzing data collected at tryouts.
- Demonstrated leadership and communication skills by leading drills and creating effective strategies for games.

PC Express – Zehrs Markets – Waterloo ON, Canada   Aug. 2018 – Present
- Worked in a fast-paced team environment and acquired excellent initiative and communication skills.

Projects

Web Portfolio   Sept. 2021 – Present
- In progress of developing a web portfolio for myself using React.js, HTML, JavaScript, and CSS.

Card Game – Straights (CS 246 UW)   Nov. 2020 – Dec. 2020
- Developed a card game in C++ as a final project and applied Object-Oriented Programming concepts learned in that class such as encapsulation, inheritance, polymorphism, and data abstraction.

Card Game – War (Highschool)   Jan. 2019 – Feb. 2019
- Developed a card game in Java using the Eclipse development environment and applied OOP concepts.

BDO New Venture Competition – Semi Finalists   Sept. 2019 – Apr. 2020
- Led a team and collaborated with the team to develop a successful business model, construct financial statements and analysis in Excel, and wrote a final report which earned us a spot in the semifinals (96% grade)

Achievements

- Awarded Laurier's $5,000 President's Gold Entrance Scholarship for achieving a 97% Grade 12 average.
- Awarded Waterloo Minor Baseball Association's (WMBA) $400 Scholarship for demonstrating outstanding work ethic, teamwork, and a great attitude as the Waterloo Tigers' Midget Tier 1 catcher.
- Awarded an Academic Excellence award for achieving a 100% final grade in Grade 12 Advanced Functions.
